“Historical Biography Song” Worksheet

When you are studying about famous people in history, try writing a simple song about that person.

The chorus would summarize his/her overall contribution to history. This part would be sung to a familiar tune or to a tune you make up. The verses would include fun facts about this person. It would be spoken or chanted.

Here’s an example of what your song could look like:

Alexander the Great

Chorus sung to the tune of Twinkle, twinkle

Born to lead, born to lead
Alexander the Great was born to lead!

Verse

As a child, Alexander was taught
math, reading, writing, music, hunting and how to ride a horse

Verse

Alexander the Great tamed a wild horse, naming it Bucephala. He eventually named a city Bucaphala, after his horse.

Verse

In 331 BC Alexander founded Alexandria and wins the Battle of Gaugamela.
Many battles continued over the years; Alexander the Great never lost one battle.
